

Dear all

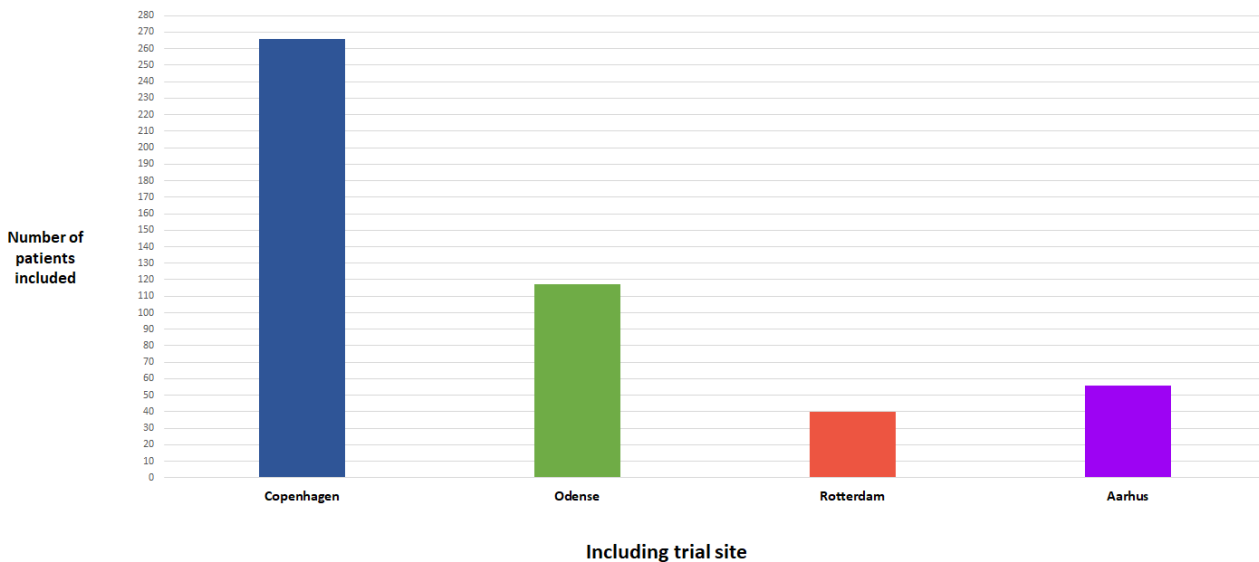

- Cologne (Germany) and Bern (Switzerland) are currently awaiting ethical approval for initiating the study; Antwerp (Belgium) and Amsterdam (The Netherlands) are preparing documents for the national ethical approval. We hope to see all sites including in 2022!
- 4 centres are including patients: Copenhagen (DK), Odense (DK), Rotterdam (NL) and Aarhus (DK)

Focus point

Since we extract 30-day mortality data for the interim analysis in a very short period of time, all investigators should make sure to have entered data on this in the database (in REDCap)

With best regards
